

## Emmitt Smith

Tiger Woods is considered by many the best golfer that ever lived. Tom Brady is considered by many the best quarterback that ever lived. Babe Ruth is considered by many to be the best baseball hitter of all time.

Well in football [Emmitt Smith](#) is considered by many to be the best running back ever. Emmitt played from 1990 to 2004. He finished his 15-year career with 18,355 rushing yards, 164 rushing touchdowns, 515 receptions, 11 straight 100 yards rushing seasons, 4× First-team All-Pro, 2× Second-team All-Pro, 8× Pro Bowl, 4× NFL rushing yards leader, 3× NFL rushing touchdowns leader, NFL Most Valuable Player, 3× Super Bowl champion, & Super Bowl MVP. So, although some 20 years ago, this gentleman was and is truly special.

Emmitt will be the featured guest at the **Night of Destiny Fundraising Gala.**

This Gala is hosted by [Destiny Christian School](#). Destiny is a private K-12 school that not only provides academic excellence but teaches children/youth how to know God for themselves. OTM has been financially supporting Destiny for many years, and we are proud to be a GOLD sponsor for this forthcoming event. We ask that you join us and support this outstanding private school via Gala attendance, participation in the silent auction, Gala Journal advertisements, or a simple [501\(c\)3 tax deductible donation](#) to the school.

We quite often hear about the ills of society and the various 'wars' such as the 'war on drugs', the 'war on crime', or the 'war on poverty'. Well as Nelson Mandela once said, "Education is the most powerful weapon which you can use to change the world". I would say a Christian based education is even more powerful.

Please join me and OTM as we give back to our community to change our world, one child, one destiny at a time. For more info. go to <https://destinyschool.com/anightofdestiny/>

## Bethel Express – Thank You!

[Bethel Express](#) (BE) is another 501c (3) organization that OTM has supported through our [Community Support Fund](#). BE is dedicated to pouring into the lives of children through the good news of Jesus Christ. Their goal is to continually equip our kids with the necessary skills to live a spiritually complete and socially sound life, while shedding the victim mentalities that can pervade the inner city.

They believe that every child has the potential to become a productive citizen, and a champion in society through what they call “The ‘S’ Factor” which focuses on Spiritual Strength, Social Stability & Scholastic Success of our kids.

Last month, [Mike & Julie Peace](#), founders, and leaders of Bethel Express and two young women who are a part of the organization (shown in photo on right) stopped by the OTM office and presented Wayne and John with a collage picture of photos from this past summer where kids enjoyed a bounce house and Halloween party paid for in part by the donations from OTM.

## Another Renewal

OTM is happy to announce that we have received a verbal communication that we will be receiving a renewal of our **Orange & Rockland Utilities 811 One-Call Mark Out Services contract**. Congratulations to Alex Metiche (Field Supervisor), Miguel Martinez, and Vernon Lyons who have worked this program for most of the 4 years it has been under contract. The team has done a great job overall and their performance was the basis of OTM being invited to participate in the recent Request for Quote (RFQ).

While we continue to work hard to secure new contracts to grow our business, we must also renew the business currently under contract. Hence, renewing contracts is critically important with the continuing to growth of OTM.

Last year we renewed the following contracts:

- **Damage Prevention Vehicle (DPV) Con Edison program**
- **Buffalo Sewer Authority 811 One-Call utility locating program**
- **New York City Unified Court System 811 One-Call utility locating program, and the**
- **DPV Orange & Rockland Utilities program**

## A Growing Family

As we continue to grow, we continue to add new members to the OTM family. Below are some of our newest team members:

Joseph McClarrie  
RG&E 811 One-Call

Spencer Eaton  
DPV-Avangrid – RG&E

Bayardo Mendoza  
DPV-Avangrid – RG&E

Jonathan Maldonado  
DPV-Avangrid – RG&E

Brian Urig  
DPV-ORU

Richard Torres  
DPV-Avangrid – RG&E

Kerry Colling  
DPV-Avangrid – RG&E

Shanika Thomas  
DPV-Avangrid – RG&E

Donald Be'Ans  
DPV-Avangrid – RG&E

Daniel Kilmer  
DPV-Avangrid – RG&E

Brandon Pyle  
DPV-Avangrid – RG&E

## Colorectal Cancer

A webinar about what you need to know about colorectal cancer was presented by **Ms. Quarnisha White** and Mr. Willie Lightfoot. Ms. White is Wayne Coleman's oldest daughter. He must be very proud of her professional accomplishments and her work in this all so important health area, particularly for African American men.

Click here ([Webinar](#)) to go to link to view the webinar.

## Preventative Care

For a lot of reasons, people skipped their annual check-ups and screenings during COVID. And now, two years later, doctors are beginning to see the consequences. Thank God this was not the case with our very own **Liz Fraser** who was diagnosed with stage 1B uterine cancer in the summer of 2020.

Please click here ([Liz's Story](#)) to read about Liz's early diagnosis and treatment. She is now cancer free, praise God. We hope this encourage others to do your routine check-ups and screenings.

A graphic with the words 'FEED BACK' in large, bold, multi-colored block letters. The letters are arranged in two rows: 'FEED' on top and 'BACK' on the bottom. The colors include red, green, yellow, and black. The graphic has a white background with a torn-paper edge effect.

If you don't know something is wrong, how do you fix it? Even if something is going well but you are not aware of it, how do you continue doing it? Without candid, constructive feedback it is hard to grow. Individuals need this and so does companies.

OTM has initiated an **Employee Survey**. Please, please take a few minutes and give us some feedback/input on what is working as well as what we can improve. Be honest, be specific, be constructive. We want to continue to build a great company and we can do it with your help and with your feedback. Thank you in advance for taking the time and blessing us.

# Congratulations

on your

## Excellent Exam Results.

The following team members recently obtained their NGQ Operator Qualifications in the task shown below. Congratulations to all!

Charline Putnam  
Task PE 21  
Line Locating

Donald Be'Ans  
Task PE 21  
Line Locating

Brandon Pyle  
Task PE 21  
Line Locating

Zachery Mednick  
Task PE 21  
Line Locating

Daniel Sasu  
PE-18.1  
Leak Survey

Rob Polimeri  
PE-18.1  
Leak Survey

Miguel Martinez  
Task 06A  
Atmos. Corrosion  
Line Locating

Vernon Lyons  
Task 06A & 40  
Corrosion, Tracer Wir  
Line Locating

Alex Metiche  
Task 06B, 22A, 22B, 23,  
24, 71, & 85  
Line Locating

## Still Hiring
